

# Local Fitness Champion

Through Kayla Clark's passion and infinite energy, her community is becoming more physically active. A powerful role model and avid sports fan, Kayla is often spotted in a team jersey, if not on the volleyball court or hockey rink. She strives to engage students with new sports and activities and her commitment to getting kids moving on a daily basis extends beyond the school day. Through Kayla's efforts and leadership, Woodriver Elementary students are truly grasping the value of lifetime fitness.
